(c) From and after January 1, 1981, the annual assessment may be increased above the maximum provided in subparagraph (b) above and without limitation if such increase is approved by no less than three-fourths (3/4) of the total of votes of the membership cast in person or by proxy, at a meeting duly called for this purpose.

the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held six (6) months following the preceding meeting.

Section Nine. Date of Commencement of Annual Assessment; Due Dates; Certificate of Payment. Annual assessments provided for herein shall begin to accrue as all Lots on the first day of the month following the filing of the Declaration. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. At least thirty (30) days before January 1 of each year, the Board of Directors shall fix the amount of the annual assessment against each Lot and in the event the Board elects not to fix such assessment rate as herein provided, the amount of the prior year's annual assessment shall be the fixed amount. Written notice of any changed assessment rate shall be sent to every Owner. The due dates for the payment of annual and special assessments shall be established by the Board of Directors. The Association shall, upon demand and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid to date.

Sale or transfer of any Lot shall not affect any assessment lien. The sale or transfer of any Lot which is subject to any mortgage pursuant to a foreclosure thereof or under a power of sale or any proceeding in lieu of foreclosure thereof shall extinguish the lien of such assessment as to payments which became due prior to such sale or transfer, but the Association shall have a lien upon the proceeds from foreclosure or of sale

junior only to the said foreclosed first mortgage but senior to the equity of redemption of the mortgagor or trustor. No sale or transfer shall relieve such Lot from liability for any assessment thereafter becoming due or from the lien thereof.

#### ARTICLE VI

##### ARCHITECTURAL, MAINTENANCE AND USE RESTRICTIONS

The Developer shall have the responsibility of enforcing the restrictions set forth in this Article prior to the formation of the Committee, which, upon appointment, shall assume and be responsible for enforcement. References in this Article to Committee shall mean the Developer until the Committee is appointed. The following architectural, maintenance and use restrictions shall apply to each and every Lot now or hereafter subject to this Declaration:

Section One. Approval of Plans and Architectural Committee. (a) No construction, reconstruction, remodeling, alteration or addition to any structure, building, fence, wall, road, drive, path or improvement of any nature shall be constructed without obtaining the prior written approval of the Committee as to location, plans and specifications. As a prerequisite to consideration for approval, and prior to beginning the contemplated work, two (2) complete sets of building plans and specifications must be submitted to the Committee. The Committee shall be the sole arbiter of such plans and may withhold approval for any reason including purely aesthetic considerations. Upon giving approval, construction shall be started and prosecuted to

completion promptly and in strict conformity with such plans. Committee shall be entitled to stop any construction in violation of these restrictions so long as Developer owns any Lot within "Deerpark." In the event the Committee fails within forty-five (45) days to approve or disapprove such plans and specifications, approval will not be required, and this Section will be deemed to have been fully complied with. The Committee shall have the right to charge a reasonable fee for receiving each application for approval of plans and specifications in an amount not to exceed \$50.00.

(b) Until such time as Developer divests itself of all Lots within Deerpark, Developer shall appoint from time to time the members of an Architectural Committee (the "Committee") to consist of not less than three (3) nor more than seven (7) members which shall exercise authority to approve plans. After Developer divests itself of all Lots within Deerpark, Committeemen shall be elected by a majority of the votes of the Association Members, cast in person or by proxy at a meeting duly called for this purpose, but provided that the Committeemen originally appointed may serve until their successors are so elected.

Section Two. Design and Site Approval. Buildings shall be erected on lots in a manner to provide architectural value to the subdivision. Therefore, no house, garage, carport, playhouse, outbuilding, fence, wall or other above-ground structure shall be commenced, erected or maintained nor shall any exterior addition to, change in or alteration of any of said structures be made, until a site plan, final plans and specifications showing the nature, kind, shape, height, materials, basic exterior finishes and

colors, and floor plans thereof, proposed driveway location and front, side and rear elevations thereof, have been submitted to and approved in writing by the Committee as to harmony of exterior design and general quality with the existing standards of the neighborhood and as to location in relation to surrounding structures and topography. The Committee shall act with all reasonable promptness upon receipt of such information to approve or disapprove the same. In the event the Committee rejects such plans and specifications as submitted, the Committee shall so inform the property Owner in writing stating with reasonable detail the reasons for disapproval and the Committee's recommendations to remedy same.

Section Three. Subdivision of Lots. By or with the written consent of the Committee, one or more Lots (as shown on the said plat; or parts thereof, may be subdivided or combined to form one single building lot, provided, however, in such event, each of the resulting Lot or Lots shall contain at least eighty percent (80%) of the total area of each of the original lots prior to such subdivision.

Section Four. Improvement, Setback and Use Restrictions.

(a) All structures must be built to comply substantially with the plans and specifications as approved by the Committee, and before any house may be occupied it must be completely finished and a certificate of completion must have been issued by the Committee.

(b) Minimum setback lines shown on the recorded plat of the Properties are not intended to engender uniformity of setbacks; they are meant to avoid overcrowding and monotony.

It is intended that setbacks may be staggered where appropriate so as to preserve important trees, and assure vistas of water and open areas. The Committee reserves the right to select the precise site and location of each house or other structure on each Lot and to arrange the same in such manner and for such reasons as Committee shall deem sufficient. No building or structure or any part thereof shall be located on any Lot nearer to the front line or nearer to a side street than the minimum setback lines shown on said recorded map or nearer than six (6) feet to any interior lot line.

(c) For the purpose of determining compliance with the foregoing building line requirements, open porches, eaves and steps extended beyond the outside wall of a structure shall not be considered as a part of the structure, provided that this provision shall not be construed to authorize or permit encroachment upon another lot or upon any easements or rights-of-way.

(d) The ground floor heated living area of the main structures upon any Lot exclusive of open porches, porticos, garages, carports and breezeways, shall not be less than 1,750 square feet for a one-story dwelling, nor shall any dwelling of multiple stories or floor levels be permitted having a total heated living area of less than 2,000 square feet unless by prior consent of the Committee.

(e) Boundary walls, excluding party walls, may be erected and hedges grown but they shall be no higher than three (3) feet in the area between the street right-of-way and the minimum building setback line, and no fence of any type shall be permitted between the street right-of-way and the minimum building setback line. Fences, boundary walls and hedges shall not exceed six (6) feet in height in the area between the minimum building setback line and the rear

property line unless by prior consent of the Committee is given.

(f) No building or structure of any type, permanent or otherwise, shall be located on any lot nearer to any part of the golf course or the shore line of any lake or pond than as may be shown on the recorded plat designating such lot and the setbacks pertaining thereto, provided in the event the recorded plat does not designate such setbacks, then no such building or structure shall be located on any lot nearer than 25 feet to any part of the golf course or the shore line of any lake or pond. For this purpose, the shore line shall be construed as the mean high-water mark.

(g) Swimming pools shall not be located nearer than ten (10) feet to any lot line and must be located to the rear of the main dwelling.

(h) Incinerators for garbage, trash or other refuse shall not be used nor permitted to be erected or placed on any lot. Any and all equipment, coolers, woodpiles, garbage cans, refuse or storage piles placed on a lot (whether temporary or permanent) shall be walled in to conceal same from the view of neighboring lots, roads, streets, the waterfront or open areas. Plans for all screens, walls and enclosures must be approved by the Committee prior to construction.

(i) No lumber, brick, stone, cinder block, concrete or other building materials, scaffolding, mechanical devices or any other thing used for building purposes shall be stored on any lot except for the purpose of construction on such lot and shall not be stored on such lot for longer than the length of time reasonably necessary for the construction to completion of the improvement in which same is to be used.

(j) Subject to the provisions of Article VI, Section Four, paragraph (k) below, no exposed above-ground tanks will be permitted for the storage of fuel or water or any other substance.

(k) Except with the prior written approval and permission of the Committee, no water well shall be sunk or drilled on any Lot. However, Developer reserves the right to locate wells, pumping stations and tanks within residential areas or any open space, or on any Lot designated for such use on any recorded plat.

(l) No outside radio transmission tower or receiving antenna shall be erected by an Owner within the restricted property, and no outdoor television antenna may be erected or installed if Developer shall provide cable television reception to a Lot. If cable television service is not available to a lot, then the customary outdoor television receiving antenna may be installed with the prior approval of the Committee, provided such outdoor antenna shall thereafter be taken down and removed by the Owner when and if a cable television receiving service shall later be provided by Developer.

(m) No docks, piers or similar structures shall be constructed without the Committee's written approval. Quays paralleling the shore line may be constructed upon obtaining the Committee's prior written approval as to location, design and construction which approval shall be discretionary. Such approval by the Committee for the construction and placement of structures in or upon navigable waters shall not obviate the necessity of a property Owner obtaining approval by appropriate State or Federal agencies whose approval is required.

(n) No Owner shall excavate or extract earth from any of the lots subject to this Declaration for any business or other commercial purpose. No elevation changes shall be permitted which materially affect surface grade of surrounding lots. No lot shall be increased in size by filling in the water it abuts.

(o) No privies or outside toilet facilities shall be constructed or maintained on any lot without prior written approval of the Committee. Any individual sewage disposal system ("septic tank") permitted by the Committee (any other provisions herein or any other written statement to the contrary notwithstanding) shall also be of a type approved or recommended by the State and local Departments of Health and shall be maintained by each Owner at all times in the proper sanitary condition in accordance with applicable State and County sanitation laws. Upon completion of such approved facilities, all plumbing and other sanitary systems must be approved as installed by the Committee in addition to State and local health officials.

(p) All residential utility service lines (including, without limitation, electricity, telephone, any and all types of radio and television lines, cables, etc.) to the lots shall be underground, provided, however, this restriction shall not be construed to prohibit the installation or construction of one or more central utility service relay towers in the event such is, in the Committee's sole discretion, deemed necessary.

(q) Stationary outside clotheslines will not be permitted and clothes handling devices such as lines, poles, frames, etc. shall be stored out of sight when not in use.

(r) Any mailboxes not attached to the main dwelling structure shall be of a type consistent with the character of Deerpark and shall be placed and maintained to complement the houses in the neighborhood.

(s) No advertising sign of any kind whatsoever shall be erected upon or displayed or otherwise exposed to view on any lot or any improvement thereon without the prior written consent of the Committee, except for a resident For Sale sign.

(t) No house trailer, boat, boat trailer, camper, tent, shed, or any other such vehicle, trailer, vessel, or temporary structure shall be permitted on any lot unless screened from view of adjoining lots, streets and Common Areas, provided, however, temporary buildings and other structures shall be permitted during the construction period of houses or as a temporary real estate sales office of Developer for the sale of lots. No garage, outbuilding or other appurtenant structure shall be used for residential purposes, either temporarily or permanently.

(u) Any deviation from the building line requirements set forth herein, not in excess of ten percent (10%) thereof, shall not be construed to be a violation of said building line requirements. Setback provisions herein prescribed may be altered by the Committee whenever in its sole discretion the topography or configuration of any lot in said subdivision will so require.

(v) Construction of any structure shall be completed within twelve (12) months from the date of commencement of construction thereof.

Section Five. Maintenance. (a) All lots, together with the exterior of all improvements (if any) located thereon, shall be maintained in a neat and attractive condition by their respective Owners. Such maintenance shall include, but shall not be limited to, painting, repairing, replacing and caring for roofs, gutters, downspouts, building surfaces, trees, shrubs, walks and other exterior improvements. In the event any Owner shall fail to maintain the premises and the improvements situated thereon in a manner satisfactory to the Committee, after approval by two-thirds (2/3) vote of the Association Board of Directors, it shall have the right, through its agents and employees, to enter upon said Lot and to repair, maintain and restore the Lot and the exterior of the buildings and any other improvements erected thereon. The cost of such exterior maintenance shall be added to and become part of the assessment to which such Lot is subject and Owner shall be personally liable to the Association for the costs of such maintenance, and the costs, until paid, shall be a permanent charge and lien upon such Lot enforceable to the same extent and collectible as provided for in Article V, entitled "Covenant for Maintenance Assessments." Although notice given as provided in Section Nine of this Article shall be sufficient to give the Association the right to enter upon such Lot and perform such maintenance, entry for such purpose shall be only between the hours of 7:00 A.M. and 6:00 P.M. on any day except Sunday. Such entry as herein provided shall not be a trespass, nor shall the Association be liable for doing anything reasonably necessary or appropriate in connection with carrying out these provisions.

(b) To preserve the natural integrity and beauty of the land, water runoff, etc., no trees, shrubs, bushes or other vegetation having a diameter of three (3) inches or more than twelve (12) inches above the ground shall be cut, destroyed or mutilated except with the prior written consent and permission of the Committee; provided, however, that dead or diseased trees, shrubs, bushes or other vegetation shall be cut and removed promptly from any lot by the property owner thereof after such dead or diseased condition is first brought to the attention of the Committee and permission for such cutting and removal has been obtained.

Section Six. Residential Use. Unless otherwise designated by Developer on a recorded plat, each Lot shown on said subdivision plat subject to this Declaration shall be used only for private, single-family residential purposes and not otherwise, provided, however, Developer reserves the right to designate any areas shown on said plat other than such Lots for other purposes including, without limitation, commercial, institutional, business or multi-family uses.

Section Seven. Hobbies and Activities. The pursuit of hobbies or other inherently dangerous activities including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices which might tend to cause disorderly, unsightly or unkept conditions; the shooting of firearms, fireworks or pyrotechnic devices of any type or size; and other such activities shall not be pursued or undertaken on any part of any Lot or the Common Area without the consent of the Developer and the Board of Directors of the Association.

Section Eight. Animals and Pets. No animals, live-stock or poultry of any kind shall be raised, bred, pastured or maintained on any Lot, except household pets which may be kept thereon in reasonable numbers as pets for the sole pleasure and purpose of the occupants but not for any commercial use or purpose. Birds shall be confined in cages.

Section Nine. Nuisances and Unsightly Materials. No house or other structure on any Lot shall be used for commercial or business purposes. Each Owner shall refrain from any act or use of his Lot which could reasonably cause embarrassment, discomfort, annoyance or nuisance to the neighborhood. No noxious, offensive or illegal activity shall be carried on upon any Lot. No Lot shall be used in whole or in part for storage of rubbish of any character whatsoever; nor shall any substance, thing or material be kept upon any Lot which will emit foul or noxious odors, or that will cause any noise that will or might disturb the peace and quiet of the occupants of surrounding property. No trash, rubbish, stored materials, wrecked or inoperable vehicles or similar unsightly items shall be allowed to remain on any Lot outside an enclosed structure. However, the foregoing shall not be construed to prohibit temporary deposits of trash, rubbish and other such debris for pickup by garbage and trash removal service units. In the event any Owner of any developed Lot fails or refuses to keep such property free from any of the foregoing unsightly items, weeds or underbrush, the Association may, at its option, ten (10) days after posting a notice thereon, or mailing a notice to said Owner at his property address requesting Owner to comply with the requirements of this paragraph,

enter and remove all such unsightly items and growth at said Owner's expense, and Owner shall be personally liable to the Association for the costs of removal, and the costs until paid shall be a permanent charge and lien upon such Lot enforceable to the same extent and collectible as provided for in Article V, entitled "Covenant for Maintenance Assessments." By acquiring property subject to these restrictions, each and every Owner agrees to pay such costs promptly upon demand by the Association, their agents, assigns, or representatives. No such entry as provided herein shall be deemed as a trespass. The provisions of this Section shall not apply to Lots upon which houses are under construction.

Section Ten. Governmental Regulations. Each Owner shall observe all governmental building codes, health regulations, zoning restrictions and other regulations applicable to his Lot. In the event of any conflict between any provision of any such governmental code, regulation or restriction and any provision of this Declaration, the more restrictive provision shall apply.

## ARTICLE VII

### EASEMENTS

Section One. General. Each Lot now or hereafter subjected to this Declaration shall be subject to all easements shown or set forth in the recorded plat(s) of survey upon which such Lot is shown. No structure(s) of any type shall be erected or placed upon any part of a Lot or Common Area which will interfere with the rights and use of any and all easements shown on said recorded plat.

Section Two. Utility and Drainage. An easement on each Lot is hereby reserved by the Developer for itself and

its successors and assigns along, over, under and upon a strip of land ten (10) feet in width parallel and contiguous to the rear or back Lot line of each Lot, and along, over, under and upon a strip of land five (5) feet in width parallel and contiguous to each side Lot line, in addition to such other easements as may appear on the aforementioned recorded subdivision plat(s). The purpose of these easements shall be to provide, install, maintain, construct and operate drainage facilities now or in the future and utility service lines to, from or for each of the individual subdivision Lots. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation or maintenance of utilities, or which may change the direction or flow of drainage channels in the easements. The easement area of each Lot and all improvements in it shall be maintained continuously by Owner, except for those improvements for which a public authority or utility company is responsible. With ten (10) days' prior written notice to Owner, Developer shall have the right to enter on to the Owner's property for the purpose of removing obstructions in such easements upon Owner's failure to do so. For the purpose of this covenant, the Developer reserves the right to modify or extinguish the herein reserved easements along any Lot lines when in its sole discretion adequate reserved easements are otherwise available for the installation of drainage facilities and/or utility service lines. For the duration of these restrictions, no such utilities shall be permitted to occupy or otherwise encroach upon any of the easement areas reserved without first obtaining the prior written consent of the

Developer; provided, however, local service from utilities within easement areas to residences constructed upon any such Lots may be established without first obtaining separate consent therefor from the Developer. The Association may likewise reserve and grant easements for the installation and maintenance of sewage, utility and drainage facilities in, across, under and over the Common Area.

Section Three. Emergency. There is hereby reserved without further assent or permit, a general easement to all policemen and security guards employed by Developer and the Association, firemen, ambulance personnel and all similar persons to enter upon the Properties or any portion thereof which is now or hereafter made subject to this Declaration in the performance of their respective duties.

#### ARTICLE VIII

##### SALE OR LEASE OF LOTS

Section One. Sale by Mortgagee. Should any Lot now or hereafter made subject to this Declaration become subject to a mortgage as security in good faith for value, the holder thereof on becoming Owner of such interest through whatever means, or the Seller at any sale under a power of sale therein contained, shall otherwise sell and the Purchaser shall take subject to the terms, covenants and provisions contained herein.

#### ARTICLE IX

##### GENERAL PROVISIONS

Section One. Duration. The foregoing restrictions shall be construed to be covenants running with the land and

shall be binding and effective until December 31, 1999, at which time they shall be automatically extended for successive periods of ten (10) years each unless it is agreed by the vote of a majority in interest of the then Owners of the above described property to change, amend or revoke the restrictions in whole or in part. Every purchaser or subsequent grantee of any interest in any property now or hereafter made subject to this Declaration, by acceptance of a deed or other conveyance therefor, thereby agrees that the covenants and restrictions of this Declaration may be extended as provided in this Article.

Section Two. Amendment. The covenants and restrictions of this Declaration, as they pertain to the Lots and other Properties shown on the map referred to in Article II, Section One, may be amended at any time and from time to time during the period or any extension or renewal thereof, by an agreement signed (a) by Developer, if it is the Owner of any Lots then subject hereto; and (b) to the extent permitted by law, by at least two-thirds (2/3) of the Owners whose Lots are then subject thereto. Any such amendment shall not become effective until the instrument evidencing such change has been filed of record. By way of clarification, this process of amendment does not apply to "additions" as described in Article II, Section Two. Every purchaser or subsequent grantee of any interest in any property now or hereafter made subject to this Declaration by acceptance of a deed or other conveyance therefor, thereby agrees that the covenants and restrictions of this Declaration may be amended as provided herein.

Section Three. Enforcement. If any person, firm or corporation shall violate or attempt to violate any of these

restrictions, it shall be lawful for any other person, firm or corporation owning any property within Deerpark to bring an action against the violating party at law or in equity for any claim which these restrictions may create in such other owner or interested party either to prevent said person, firm or corporation from so doing such acts or to recover damages for such violation. Any failure by Developer or any property Owner to enforce any of said covenants and restrictions or other provisions shall in no event be deemed a waiver of the right to do so thereafter. Invalidation of any one or more of these restrictions by judgment or court order shall neither affect any of the other provisions not expressly held to be void nor the provisions so voided in circumstances or application other than those expressly invalidated, and all such remaining provisions shall remain in full force and effect together with the provisions ruled upon as they apply to circumstances other than those expressly invalidated.

Section Four. Delegation and Assignability. Developer shall at all times and from time to time have the right to delegate any and all functions herein reserved to Developer. Further, notwithstanding any other provision contained herein to the contrary, Developer shall have the right at all times and from time to time to fully transfer, convey and assign all or any part of its right, title and interest (whether real or personal) in and to common properties; provided, however, that any such transferee, grantee or assignee shall take such rights subject to all obligations of Developer also herein contained in respect thereto and such transferee, grantee or assignee shall be deemed to have

assumed the same. In the event of any such sale, transfer or conveyance, said Developer shall not be relieved of liability resulting from his failure to perform or negligent performance of his obligation under these covenants prior to such sale, transfer or conveyance. Developer shall not, however, be liable to any person for any injury or loss resulting from failure of performance or negligent performance of Developer's obligations under these covenants arising after such sale, transfer or conveyance.

Section Five. Headings and Binding Effect. Headings are inserted only for convenience and are in no way to be construed as defining, limiting, extending or otherwise modifying the particular paragraphs to which they refer. The covenants, agreements, and rights set forth herein shall be binding upon and inure to the benefit of the respective heirs, executors, successors and assigns of the Developer and all persons claiming by, through or under Developer.

Section Six. Unintentional Violation of Restrictions. In the event of unintentional violation of any of the foregoing restrictions with respect to any Lot, the Developer or its successors reserves the right (by and with the mutual written consent of the Owner or Owners for the time being of such Lot) to change, amend, or release any of the foregoing restrictions as the same may apply to that particular Lot.

IN WITNESS WHEREOF, the Declarants have caused this Declaration of Covenants, Conditions and Restrictions to be duly signed this 5<sup>th</sup> day of May, 1977.
